I. STATEMENT OF COMPLEMENTARY OBSERVATIONS ON THE COMMUNITIES OF THE YARURO (29)

29. For date of observations, location of communities on the Capanaparo and Riecito rivers, and description of habitation types, see "infra" IV List ...36.

No. of Comm.	Name of Chief	Name of Site of Comm. dur. Rainy Season (Winter)	Habitations Enumerated under Each Type Observed (30)							Remarks on Sites
			30. For the period of use of each type see "infra" IV List...36.							
			Type I	Type II 1 a	Type II 1 b	Type II 2 a	Type II 2 b	Type III		
On the Capanaparo River:										
1	Carlos José Delgado, then, after his death, his wife Severiana.	Santa Ana		2						According to Vicente Petrullo's (31) investi-
										31. See "infra" IV List...62.
										gations, the community was called Las Mercedes and was located near the Venezue- lan farm of the same name.
2	José Ledema	a) Lagunota abandoned for:		5						Same community as Petrullo's Lagunota (31),
										31. See "infra" IV List...62.
	or Juan Esteban Bellac (in the absence of the former)	b) Potrerito	x (32)	x		x				which was situated beside the Venezuelan farm of Piedra Azul.
		32. "x" indicates unenumerated habitations.								
3	Adán Matute	Potrero Grande		4 to 6						The summer encampment located on a shore and not observed is called San Luis.

No. of Comm.	Name of Chief	Name of Site of Comm. dur. Rainy Season (Winter)	Habitations Enumerated under Each Type Observed (30) 30. For the period of use of each type see "infra" IV List...38. Type I	Type II 1 a	Type II 1 b	Type II 2 a	Type II 2 b	Type III	Remarks on Sites
4	Marcelle Castillo	3 sites occupied simultaneously: a) Guacharaca		2					
		b) Agua Linda	2						
		c) Médano Alto		1					At the time of the observations (29), the site 29. /See footnote 29 above./ had only one type II 1 a habitation, temporarily occupied by one ♂, 2 ♀, and 3 children who were to return to Guacharaca.
5	Ramón Belmán	Médano Alto		5		5			
6	Pedro Ramón Camacho (33)	a) Guamacho abandoned for:		3 to 4				x	
	33. The underlined names are those of higher chiefs (in Spanish: capitán mayor) with greater authority than the other chiefs (in Spanish: capitán menor). This authority generally extends to the neighboring communities sometimes directed by a capitán menor and grouped together on this table by wavy lines.								
	His actual authority over Ramón Belmán is contested.	b) (island opposite it)		3 to 4				x	The island was later abandoned for a site farther upstream.
